

**The Lake County
Astronomical Society
presents:**

Astronomy Day

Saturday, April 23rd

Due to scheduling conflicts the event date is earlier than the actual National Astronomy Day

**College of Lake County - Technology Building
19351 W. Washington St., Grayslake, IL 60030**

FREE Daytime Activities: 10 a.m. to 4 p.m.

FREE Public "Star Party" at 7 p.m.

Join us in celebrating "Astronomy Day 2016". We will be having a variety of daytime activities, plus an Evening Star Party! --- your chance to see the Moon, Jupiter, and other astronomical objects through a wide range of telescopes.

Some Featured Events:

- **Make A Comet with Dr. Comet!**
