

ASTRONOMY DAY

April 28, 2012

College of Lake County Technology Building

FREE Daytime Activities! Noon - 4 pm
(some activities weather dependent)

Capture views of sunspots and massive solar flares in special telescopes!

Tour a scale model of our Solar System! Comet Making, Telescope Clinic, and much more!

FREE Night Sky Observing! 7 pm - 10 pm
(weather dependent)

Explore the Moon, Saturn, Mars, Venus and other celestial objects with powerful telescopes.

'Kid Powered Telescope' and special items for our young astronomers!

WIN THIS TELESCOPE OR OTHER PRIZES!

Multiple Door Prizes - You do not need to be present to win.

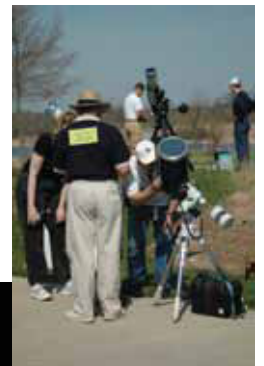

Join us in celebrating Astronomy Day 2012. There will be a variety of free daytime events plus an evening Star Party, your chance to see the Moon, Mars, Venus, Saturn, stars and other sky objects through a wide range of telescopes.

Scheduled Events:

- Exhibits
- Speakers
- Children's Activities
- Door Prize Drawings
- Telescope Exhibition
- Comet Making Demonstration
- Telescope Clinic (Bring your telescopes)
- Solar Observing (Special telescopes)
- Tour Scale Model of the Solar System
- Free Guides and Information
- Evening Star Party (LCAS telescopes, or bring your own!)
